

Digital Image Collections: ARTstor

Williams College, Art Department, Visual Resources Center, Lawrence Hall
Drop-in Support and Training, 8:30am-4:30pm, Monday-Friday
(413) 597-2015, <http://www.williams.edu/art/vrc/>

Downloading Images

1. Navigate to www.artstor.org, click on the "Go" in the upper right corner of the page, and login using your email and password.
2. Find the images that you want to download by searching ARTstor's collections or opening a saved group.
3. Double-click on the desired thumbnail to open the image in the Image Viewer.
4. Click on the Save icon to download a JPEG copy of the displayed image to your local computer, disk, or network.
5. A window with ARTstor's Terms and Conditions of Use will open. Click the "Accept" button to continue.
6. Your computer's directory will open, allowing you to choose the location where you would like to save your image. Once you have chosen the destination for your image, click on the "Save" button.
7. When the download is complete, you will find two files in the destination location: the image itself as a JPEG file, plus the image data as a separate HTML file. Both files will be titled with the original image's ARTstor ID number. At this point, you can rename either file with your own file name.
