

# Give It Up!

As you are moving out of your room, a huge **collection drive** will be in progress all across campus. You can **donate** the things you don't want, can't store, or **don't want to pack**. You'll be helping really important work **locally and internationally**, and **reducing waste**.

Starting **Saturday, May 10**, you'll see special "pods" in more than a dozen campus locations. Just **take your stuff to the pod** closest to your dorm and sort it into the **boxes** you'll find there.
