A. Guidelines

Instructions: Information presented in this request should be either new information, information you were unable to share in your initial application, or information that has changed significantly from your initial application. **Please complete sections B and C of this form as completely and accurately as possible.** If parents are divorced, separated, or never married and do not live together, each parent must complete an individual review form.

Process: Our Financial Aid Review Committee reviews all requests on a rolling basis, and may request additional information through email prior to making a final decision. Response time will vary based on our volume of requests, but our goal is to respond within one week. If approved, you will receive a revised award through your My Williams account. If the financial aid award is revised based on using projected income for 2022, you will be required to provide documentation of that income in the spring of 2023.
